Junior Class Play

"Love Is In The Air" was a delightful comedy giving a clear insight to the freedom and informality of the American home. The Truitt children—Gladys (Janet Williams), Clarence (Floyd Figgins), and Maggie (Floann Billiter) feel that their lives aren't going according to their plans. They aren't satisfied with the way their affairs are going with Roscoe (Delbert Hartfile), Jackie (Evelyn Aller), and Beanie (Nathan Miller). They decide that their trouble is caused by their unromantic parents. They discuss their problems with their parents and everything turns out to be a very happy ending. The play, written by Frank and Doris Hursley, was presented on December 9 and 10, 1954.

Senior Class Play

The theme of "The Robe" centers around the crucifixion of Jesus and the birth of Christianity. It was in Judea in the days of Pontius Pilate that an uneasy sentence was imposed upon a young Jewish prophet who had disturbed the peace of the province. Marcellus Gallio, a Minoan captain, is assigned to carry out the deed and the Galilean is crucified. The Romans cast dice for the robe and Marcellus wins. Marcellus is obsessed with remorse. The robe is first a symbol of guilt, so that he fears to see it, then of spiritual rebirth, so that its touch gives him strength and peace again. Marcellus then seeks out the disciples and becomes a devotee of the new Christianity.

Superintendent of Schools

GREETINGS TO THE GRADUATING CLASS OF 1955:

There comes the day when the top level group in the high school completes its work and leaves for the last time. Interestingly enough we call this act of graduation a "Commencement," indication that it is not an end but a beginning. It is the beginning of a new phase of life for which the school has done its best to prepare these graduates.

This is your Commencement. Some will go on to college and others immediately into their vocations. Whatever your future plans, may you never lose sight of the high ideals which you have gained at South High School.

You hold the distinction of being the last senior class to graduate from South High School. This ends an outstanding era in Lima's educational history, and the beginning of a bright and shining future under the Scarlet and Gray of Lima Senior High School. We feel that that wonderful intangible ingredient called "school spirit" will be an important factor in the years ahead. That fine school spirit which you have helped create at South will live long in the future.

Congratulations on your Commencement Day. May success and happiness be with you always.

Cordially,
GORDON G. HUMBERT

Superintendent of Schools

Board of Education

The board of education is the only agency holding legal authority and responsibility for the conduct of educational affairs in our school district. Its powers are derived from the Ohio state legislature; it is the instrument through which the legislative and appraisal functions of the school system are exercised. The board of education is a deliberative body operating in the best interests of the state and the children of Lima based upon the best available objective evidence. The board requires of its superintendent of schools complete and constant information regarding the state of the schools and the levels of instructional efficiency.

The members of the Lima City board of education are public spirited citizens who give unselfishly of their time and energy to the management of our schools. The community is grateful to these people for modern schools, well-qualified teachers, and up-to-date curriculum.

STANDING: Gilbert Crist (Vice-President), Albert L. Simmons, Harry Gross, Christopher Folland (President). ● SEATED: Gordon G. Humbert, Dr. Josephine Peirce (Clerk-Treasurer).

Supervisors In Lima Public Schools

In addition to the teachers and principal who work directly with the students in the Lima public school system, many other professional personnel members work "behind the scenes" so to speak, to bring about curriculum improvements and the enrichment of the educational program for all of the pupils in our school district. These directors and supervisors are the resource people of the staff, and are consultants in the special areas in which they specialize.

William Tempel (Music), William Chambers (Vocational), H. C. Heffner (Research), Marion Seitz (Audio-Visual and Safety Education). ● SEATED: Miss Helen Hawkins (Elementary), H. C. Roberson (Pupil Personnel and Guidance), Miss Mary Kirk (Art), Rex Settlemire (Physical Education and Health), Miss Helen Moon (Distributive Education).

Lima Citizens Advisory Committee

STANDING: Howard Grove, Loren Sellers, James Weadock, Charles Guy, Jerome Blattner, Rev. E. J. Penhorwood, William Jackson, J. C. Thomas, Russell Hire, A. Simmons. ● SEATED: Miss Helen Hawkins, Mrs. Fred Wupper, Mrs. George Nice, Miss Marguerite Dickman.

Twenty-one lay citizens from all walks of life in the community comprise the membership of this group. The objectives of the committee are to advance public education in all of its branches and to foster and promote an understanding of the benefits of public education in the development of a sound, healthy, and intelligent community, based upon the nature of the population, the needs of the times, and the resources of the community, and to do its utmost to help perpetuate the basic ideas of the American Way of Life.

Principal

Dear Friends of the Class of 1955:

We share your leaving South High School with mingled feelings of joy and regret. We are joyful because of your achievements. Our feelings of regret come with the awareness that your graduation signifies the severance of the splendid associations we have shared while living together as members of this school.

You are to be congratulated on your willingness and determination to complete your high school work. Many young people have had a similar opportunity to earn a high school diploma, yet for reasons good and poor, they failed to complete the task. Your parents deserve high praise for their encouragements and sacrifices to help you through school. May your future lives bear evidence of the deep respect you hold for those who gave you guidance. Many South graduates have distinguished themselves in professions, business, and as good citizens. You are challenged to do even better. Your degree of success in the future will depend upon the courage and sincerity you take with you. I am sure that your parents and teachers have faith in your future.

Best wishes to all.
